

# Managed Office

Pick the right Microsoft package - with minimal effort!

**Microsoft products shape the everyday workings of almost every company.**

Choosing the right cloud-based products, however, is complex and time-consuming. To make matters worse, the Microsoft world is in a permanent state of flux. The technical know-how required to implement these products – and the effort needed to keep track of any changes – is becoming more and more demanding for IT service providers.

With SYNAXON Managed Office, we'll help you navigate through the ever-changing Microsoft jungle!

**Advice from our Microsoft experts**

**Set up and install Microsoft Teams**

**Set up Exchange Online with your customer's domain**

**Your customers know and trust you. You are the face of your business.**

We simply support you behind the scenes to help you deliver great service, saving you time and effort through standardisation, automation and the years of experience our team provides.

## Benefits

- ✓ **You know your customers, we have the right bundle**  
Our solution allows you to choose the right plan together with our certified consultants
- ✓ **No experience necessary**  
We'll move and set up your tenants, saving you money and effort on internal training
- ✓ **Extensive technical support**  
We provide extensive support and our team is there for you for modifications, customisations and ongoing queries

Our team is on hand to give you expert advice. All you need to take care of is the installation of programmes such as Word, Excel and Powerpoint on your customers' devices.

**And with SYNAXON Monitoring & Management, we can take that off your plate too.**
